

Hunting in Belarus

"Variant Ltd." offers a good opportunity to have a nice rest on hunting to Byelorussian and foreign citizens. Our hunting area covers 15000 hectares of well organized hunting sites, a comfortable hotel

made of glued squared wall timber with all facilities and the clock-round guarded parking-place, well-arranged rest places in the woods and by the lake.

Thanks to long-term intensive fauna protective- and reproductive activities the huntsmen of our hunting site managed to reach high population of game-beasts in their hunting area. There are such game-beasts as elk, deer, wild boar, European roe, beaver, white hare, grey hare in the hunting area of "Variant Ltd".

High population of game-beasts, availability of equipped shooting and pen high-seats, recreation facilities provide for successful hunting. Experienced huntsmen will lead you along the old hunting paths, will show you fatten fields and grounds. Hunting trophies are primary treated by specialists.
